

JANUARY

- 1 Friday – the year begins. It was cold and looked like snow this morning but turned to rain in the evening. I made cake – sewed on Patty's waist and felt tired all day. Sent Charlie to Bellevue for mail – the children each got a beautiful book from BBG. Sent Charlie to Burlington with Hilda's and Patty's trunks. Felt sad and worried all day. Old Mr. Dan Coons came to see me about some money Mr. Nelson owes him. Hoping is nonsense of which time ought to have cured me but I do hope I may be happier this year than last.
- 2 Patty and Hilda started for Florence today. Hilda on her way to Jacksonville and Patty to Miss Nourse's. I worked at cleaning up the house and then went to Louisa's – found them all busy getting ready for a party. Mr. Nelson went to Lawrenceburg today and got 5.00 from that Martin Keller who owes me for a barrel of wine. I paid Mr. Nelson .50 of it to pay his passage down on the boat. Got a letter from cousin Lizzie Dinsmore saying she expects to be married this month to Spencer Goodrich of Erie – Sue's cousin. Put the brine over the meat today. Charlie didn't get back till 8 o'clock.
- 3 Sunday – Bright and cold. Sally and I went to Louisa's to see Sudy and went with them to the river to see her get on the boat – river high. Sally and I have been all alone since Pat and Hilda left. Mrs. Burns came up in the evening.
- 4 Cold. Ground frozen hard. Set Charlie to hauling fodder – had one of Jimmy's horses – mean to pay for it. Dr. Cowen called to get some wine for Mr. Jim Wilson. I washed collars and cuffs, sewed etc. Read to Sally in the evening as the poor girl is lonely. Dr. Raymond didn't come but sent word he would.
- 5 Cold – John E. Walton came and spent the day. Got letters from BBG and Julia.
- 6 Went to Dr. Grant's and took dinner invitation. Bitter cold – people putting up ice all along the road. Went up into the woods before starting to Dr's and measured 4 ½ cords wood cut by John Coons and Frank Burns – paid John 2.25. Stayed up late reading and writing.
- 7 Trying to snow and moderated. Set hands to work to get ice but they found it not thick enough and quit. Billy helped Charlie Burns a while this morning to clear out the ice house. I sold Charlie Rockwell a bushel of beans out of my share and he paid me the money 2.00. Mr. Theodore Cook came out and we had our long postponed settlement. I entered it in my account book opposite page 1. I did not want to pay him the 2.50 for his share of the iron bar but he said he paid that for it and so I had to let him have it in the bar which is certainly worth more. Last mail before boats stopped on account of ice. Mr. John E. Walton came to tell me that he is going to turn cattle in the barley field next to mine so I had to sent Charlie B. up to help fix the fence. Sent Dolly Merchant the large rocking chair from upstairs for her sister. Sent letter to BBG. Got letter from Sue.
- 8 Was busy all day till company came – making cake, cleaning the house, working butter etc. R. E. came and stayed all night. Charlie hauled some wood.
- 9 Bitter cold 6 degrees (I believe 8) below zero when I looked at the thermometer. R. E. went to church. Charlie only worked a little. I worked some and went to Mrs. Rice's after dinner. Spoke to Mr. Rice about the line fence between me and the heirs. Had turkey killed.

- 10 The coldest day of the season I believe, 8 degrees below zero at about 8 o'clock. I fixed the house up a little and tried to keep it warm. R. E. came after church and stayed all night.
- 11 Started hands to getting ice – Jimmy Burns and team – Charlie Rockwell and horse, Charlie Burns, Frank Burns and Billy. The weather moderating – 18 degrees above zero at 1 o'clock. Ice splendid – 6 inches and upwards. The boys got in 16 loads today one of them not quite full. I didn't get much done except watch the filling of the ice house.
- 12 Much warmer – 16 above zero at 8 o'clock in the morning. The boys finished filling in the ice house before their dinner – said they put in 23 loads in all – ice from the Searcy branch averaging 8 inches at least and like glass. I finished one mitten. Charlie hauled fodder after dinner – had Charlie Rockwell's horse. I let Billy have a half bushel of beans for his work – it rained this evening.
- 13 Thawing and wet. Set Charlie to hauling fodder but he had to quit. Thermometer 33 above zero at 8. Was there ever such a climate? I cleaned some of the children's silver and ironed collars and cuffs. Mrs. Burns came up for a while this evening – she told me Jimmy had rented the old place Mr. Harvey Aiken used to have from Mr. Cook. It turned colder and froze this evening.
- 14 Cold – ground frozen hard. Charlie B. hauled fodder part of day – got a little wood afterwards. I rode to Bellevue – hog tore my riding skirt to tatters. Subscribed for Saturday Advertiser. Jesse Dolph agt. River full of ice – no boats running – felt dull and badly all day.
- 15 Cold but bright – Sent Charlie to Bellevue with Jane but he stayed till noon and didn't get her shod. Heard Jake Klopp was expected to die and took Charlie with me and went to see him – found him low. Sent to Cinti by Mr. Corbin for my watch and sent a letter to Patty. Sewed some on her alpaca.
- 16 Mr. Wilson came for wine for his father. Bright and cold but moderating. Charlie spent the day getting Jane shod. I went to Mrs. Rice's and stayed several hours – sewed on Emmy's quilt. When I came home finished my other mitten. Sally had toothache part of the day and at night.
- 17 Thermometer 10 above zero at 9 o'clock. Annie went home last night and we came near not getting any breakfast at all. Louisa and Cordy came over after their dinner. I arranged the rooms, bathed etc, went to Mrs. Burns's for a few moments.
- 18 Not quite so cold – took the stove pipe down in the dining room and cleaned it out. Sent Charlie B. after the mail. Got letter from Patty – from buddy about bank business – from Julia and from Hilda – also paper with notice of the death of Mr. Moore, Nina's brother-in-law. Annie's baby has measles they think. Lena Cook and brothers came out to see me.
- 19 Miss Robinson came – I sent Charlie for her – I knit on mittens &c. Mrs. Burns came up in the evening. I went to Mr. Nelsons to see about beans.
- 20 The weather moderated, thermometer was up to 32 degrees today. Charlie hauled wood, cordwood. Miss Robinson began to sew. I sewed on Patty's alpaca.
- 21 Settled with Jimmy Burns and paid him all I owe him in full to date – 6.00. Found after he left that I had made a mistake against myself and paid him .50 more than I owed him but let it go – if I am such a fool I can't calculate a little account like that I deserve to lose and it is hard to make an illiterate person believe that a mistake is ever

corrected as it ought to be. Paid Charlie Burns for Frank 3.00. Sewed and cleaned out my stove upstairs. Sent Mr. Nelson 4 sacks for beans. Charlie hauled some cord wood. It rained and thawed. I went to Mr. Nelson's after dinner to take -- of the beans -- he had 17 bushels clean beans. I drudge and worry to no avail -- lose money & temper and hope -- I feel so unlike a lady in my external that I have no doubt I shall soon be less a lady in reality -- associating only with coarse people all against me in their own interest -- and never having one day of leisure or pleasure in which I can be my own old self again -- Lord send me a fool who wants to pay a good price for this place.

- 22 A glorious morning -- Mr. Nelson started to Cov. with the beans -- I sent a letter to Sue by him. Sewed on Pat's overskirt. After dinner went to Bellevue and to see Mike Corbin -- heard Lucy Rice is sick. Mr. Smith came for watch and I lent him clock.
- 23 Went over to Mrs. Rice's -- found Lucy has scarlet fever -- left sister Belle's watch and brought home clock. Heard old Mrs. Barnett died yesterday. Sewed. The morning was pretty but it turned cloudy. Charlie B. cut wood.
- 24 Sunday -- Belle & Dr. Raymond came and stayed all night. I heard old Mrs. Barnett was buried today. Mr. Nelson came home at night.
- 25 Belle and Dr. went home. Mr. Nelson came up and settled with me for the beans he sold on his trip. The sales amounted to \$44.97 so I gave him 3 carts and called it 45.00 of which my share was 1/3. His expenses amounted to 6.65 of which my share was 2.21 1/3 which I called 2.25 and deducting this my share was as follows 1/3 45.00 = 15. -- 2.25 = 12.75 which he paid me -- also the 6 dollars which was due me in our bean settlement of Dec. 31. I must remember when we have the settlement from the others sold here that I have received 2.00 from C. Rockwell for 1 bus. and was pd. I gave Dr. Raymond \$40.00 to pay my taxes and told him to take a receipt. I also gave him 5.00 and an order on Owen for my watch.
In work for the 1 1/2 bushel of Billy's, Charlie Burns hauled cord wood. I went up and measured 6 1/2 cords wood that Frank Burns chopped -- then Miss R., Sally and I went for the mail and stopped at Mrs. Corbin's. I got letters from Julia, Hilda and Sally H. and papers.
- 26 Charlie B. hauled some wood in the morning -- after his dinner he went with me to see old Mrs. Foster & take her Julia's message -- found her very poorly and in pain -- don't think she will ever get well. Julia said Mr. F was sick and suffering internal pain.
- 27 Got letters from Julia & Cousin Mary C. Julia wrote me Patty was at her house. Charlie B. hauled wood. I sewed and cut out. Two strange men came by to get their dinner -- it rained a little -- Sally cried with the pain of her corn.
- 28 Raining. Sent a letter to Julia by C. Burns. He went to help Stephen strip tobacco. I had the chicken house cleaned out. Sewed.
- 29 Snowed hard -- ground well covered. Charlie went to milk. I sewed. Sally cried herself to sleep with dyspepsia poor little child. I heard that the river broke up yesterday. Willy Burns came up this morning. We finished my purple calico. I lent Billy Heiser a dollar to be paid in cash Monday or worked out as I choose.
- 30 Cordy came over and stayed all day with Sally. I sewed and cleaned the house. Charlie took the young cow to Mrs. Garnett's. He hauled some wood in the morning.

- 31 Sunday – cold again – stayed home arranged the rooms &c. Mr. Nelson came up and had one of his talks. R. E. came and stayed all night.

I am to have the apples and the privilege of gathering them and he is not to put any roguish cattle on the pasture. He told me Tommy drew the note which accounts for its not being in Mr. Clore's writing. Mean to ask Dr. Raymond about that. I asked him about pasture and he said he charged from 1.50 to 1.75 per head. I sent Charlie B. to Burlington with letters for

buddy, Patty and Spalding. Turned cold again – river full of ice. Mrs. Burns came up. Mr. Nelson divided the beans which remained in the locked room in the barn – there were 21 half bushels and I got seven and had them put in sacks in the store room. I sewed on the drawers again.

I got letter from Sue and one from Hilda. Woman came to try to rent. Charlie told me about Mr. Rice having rails hauled to the line fence between me and the heirs and I went over to see him about it.
- 26 Rained this morning hard. Messrs. Kelly came to prune trees but went home before dinner on account of rain. I sewed on Patty's silk dress. After dinner went with C. Rockwell to ride round and look at the line fence between the heirs and me, then went to see Mr. Rice – told him I would make the fence from Mr. Wingate's line down to the tobacco pen and let it go in my half of the fence but that I would keep this end next to his young hedge as my part and keep it up to the branch by the chimney of the old house as far as taken in with the upper end I mentioned first would make half the line – also that I would make one water-gap. Had headache and felt poorly and tired all day. Mr. Nelson started up on the hill to haul brush but the rain drove them down.

- 27 Bright and clear but rather cold. The Kellys came to prune the trees. I sold Popham ½ bushel beans, 1.25. Wrote note to Hilda and inclosed [sic] letter from Mrs. Curran. Mr. Kellys finished the apple trees before dinner and stayed to dinner. Ben Kelly charged me 20.00. I paid him 10.00 of it and promised to let him have the rest as soon as I could get it from Florence or anywhere in fact. It is the orchard on the hill by the vineyard that Mr. Kelly trimmed. Sent Hilda's letter by Mr. Nelson who was going to R.S. they said. Got letters from buddy – inviting me to spend the summer with them – from Sally Humphrey, from Hilda and paper from BBG. Ernest G. came.
- 28 Easter Sunday – cold and disagreeable – threatening rain. Went to Florence with Patty & Sally. Charlie R. drove the buggy to the pike and I rode his mare Molly. Dick Loudon was married. We met the preacher. I drove from there to Florence – got there before three. It rained afterwards.
- 29 Patty got ready to go to Cov. in the omnibus but missed it so I stayed at Belle's that day and all night again. Dr. Raymond had a horse brought over for me to look at, too scrubby.
- 30 Patty left in the omnibus for school. We started first after 10 and came home. It took us four hours again. Charlie R. met me this side of Burlington with his mare Molly and drove home – roads worse than I have seen them for years. I stopped at the door of Mr. Winston's office & left word for him with Mr. Calvert that Mr. Aikin had served the summons on Patty the 23rd. It was warm and lovely coming home – the first really spring day. After I came home I engaged Billy Heisler to work for me a month at 10 dollars a month and I board him – days that it rains or the weather is such that he can't work except cut stove wood and feed I am to board him for that, but not count the days. He is to do just I tell him and what I tell him. I went to Mrs. Loudon's to see Mary Ann who is sick. Went to Bellevue and got the mail – letters from buddy, Julia and Nina. Dr. Raymond pulled a tooth for Sally before we left there. He gave me \$15.00 of the 130.00 he had from the sale of Di. I wanted him to keep the rest and I could buy a horse with it.
- 31 Bright and warm but windy. Was busy all the morning. Had the chicken house cleaned out – went on the hill to see how Mr. Nelson was ploughing the orchard. Tom had Jane all day hauling brush from the orchard. Mr. Nelson sowed some oats after dinner. Charlie R. set fire to some brush piles in his clearing and let the woods get on fire. We all went to help put it out. Dr. Grant & Mr. Bennett came. Dr. brought me a horse to look at – 125.00 – ugly as blue mud.
