- 1 Just like spring this morning. Dr. drove us all down to Bellevue in the wagon and I got a bl. of flour. Sent by John Smith for the children's Christmas box from their papa—got pretty present of handkerchiefs from Cousin Rebecca. John Dumont cut hedge a little but spent more time turning out things. Everything got in to-day—hogs—sows, little pigs, horses, mules &c. He also hauled some branches to pile at the corner of the cook house. Mr. J. W. Gaines came and pd. me the rest of what he owed me for the stalk field except 5.00. He pd. me \$25. and I pd Mr. Nelson 15.00 of it in presence of Belle and Mr. Gaines is to bring me the other 5.00 sometime. I pd. Hilda the 3.00 I had borrowed of her. John Graves still gone. It was too warm to-day. I made 3 cakes, a black cake for Patty &c. Was weighed—139 lbs. This is a most uncommon season. The jonquils are up several inches, all the early bulbous roots are up, the grass green and it is so warm that we have to open the windows. The river is very high—backwater up—everything looks like spring.
- 2 Sunday. Another heavenly day—really warm. Dr. Grant came and dined with us. Told me the water was so high it had nearly spoiled Woolper bridge. No one went to church. Hilda was poorly with a cold. I wrote letter to Buddy acknowledging draft that came Dec. 30th, to Julia and to Messrs White, James, Laird telling them to send me drafts for my bank stock dividends from Washington.
- 3 John Graves set in to work again. Drove the wagon to Aurora—we all went. Dr, Belle and Patty went to Cinti. Hilda to dentist. We got home very late. It was moonlight—clear and colder—the morning there was frost on the ground. I got buddy's draft of \$100. for the children cashed at the Aurora Bk. Gave Dr. Raymond \$60. of the money to give Mr. Foster for Julia to buy some things for Patty. Gave Pat 10. of it to pay her washerwoman. Put in the office all the letters I wrote last night. River high but falling. Charlie & John G. fixed fence & cut hedge.
- 4 Beautiful day—bright and not cold. Rode around to see the hands at work. John Graves did divers things till dinner then burned hedge brush. Dumont and Charlie cut hedge. Hilda went to Rising Sun. I went down for mail—got letters from Mr. Jas. Dinsmoor all about the family record and from Lawrenceburg Wheel Co. about timber. Heard Mr. John Rogers died last night. Came back—rode to see the hands at work on hedge—then up in the pasture to look where John Dumont grubbed fence row and to look at wheat field. Cooler and feels raw.
- 7 Set three boys to work cleaning up hedge brush—then they began to reset the fence from Scott Rice's to the hedge pulling down the fence across the road by the good hedge—to snake the other with. Pleasant day.

Charlie did n't work to-day—the Johns hauled fodder and rails.

Went down to see them at work—ground so full of large hard clods that harrowing does no good. Walked up to look at pasture and wheat & timothy then went to see the Kellys planting corn in the farther part of the field next Mr. Walton's. Mr. Slayback came to see about team & plough to break his tobacco ground. I went to Mr. Arnold and engaged to hire his horse to break the ground. Sent to Jesse to get plough but could n't get it. Went to Bellevue from Mr. Arnold's and got mail—letters from Patty and Julia. Watered all my plants when we got home.
- 24 Mr. B. F. Garnett came this morning to pay me for the rest of the posts—he said Mike Corbin had never paid him the \$1.60 I left with him for Mr. Garnett Feb. 25th so he took it out of this and pd. me 2.40—see May 19th. Sent Dumont home with Mr. Green's mules early this morning then sent him to borrow primping shovel plough of John Henderson. Mr. Slayback began to break the new ground. Graves finished breaking the little piece across the creek then hauled the wood Mr. Lacy cut off the new ground then hauled locust posts to the fence between me and Mr. Rice. Solon Rice came to offer to sell some sheep.
- 25 Mr Slayback finished ploughing the tobacco ground. Dumont worked on the fence. Hilda went to Burlington early to take omnibus for Cinti. Graves went with her. When he came back he nailed up the window in the crib and put a new hasp and another lock on the door. Then he went up on the hill and ploughed, harrowed and laid off that little piece of corn Mr. Hunt had last year. I went up to show him where to break the piece of clover but the horses could n't do it. Sent for mail and Mr. Green's mules but could n't get them. Bonnet came home from milliner's. Mr. Hunt got another bushel of corn.
- 26 First thing in the morning Dumont took Mr. Henderson's jumping shovel home—then worked on fence by the watergap next Mr. Rice's. Graves planted that little piece up on cherry hill—then ploughed potatoes—planted and replanted corn in garden—ploughed a little in there—then hauled posts for Dumont—then turned horses out and replanted corn in sand field. I rode to Mr. Moore's and Mr. Rice's and went to watergap. The Kellys began to break up tobacco ground. Jimmy Burns brought a heifer calf of his mother's here and I bought it for \$12.00 and pd. Jimmy for it. Several hens came off with chickens. I sewed what chance I got.
- 27 Miss Robinson left early to go to her sisters'. Mr. Slayback harrowed his tobacco ground. Dumont worked on the fence. I sent a letter to Patty. Graves hauled posts—ricked wood, went to mill, and drove us to Bellevue. Boat so late we had to come home before it came. Mr. Bennett and little girls came down and Sally went home with them.
- 28 Sunday. Sent for Hilda before breakfast—she came on the boat last night. Ernest and Miss Katy came. Louisa and Cordy came. Miss Robinson came home. Sent by Louisa note to Louly C.

- 29 Mr. Lacy got ½ bushel seed corn. I went on cherry hill—Dumont ploughed corn with Billy. Graves replanted corn. Two men, one named Carson, came as book agents for a book called Footprints of Time and I subscribed for 3.75.
- 30 Mr. Hunt says there has never been since 1859 such favourable weather for the blooming of the grapes. Went to Bellevue and then to Rising Sun with John Smith to get my bonnet trimmed. Told Mike Corbin about the 1.60 Mr. Garnett spoke the 24th of this month and he said he knew I had paid it to him and he allowed it on the price of sundries I bought in his store. After I got home, Mr. Bennett came and brought Sally home. Dr. Jimmy came on an errand. Sent by mail note to Mrs. Duncan, Lex. Dumont ploughed. Graves cut rye out of wheat and worked in garden. Got letter from Sue.
- 31 Set the boys cutting briars in the pasture next Mr. Wingate's. After dinner it looked so like rain that they hauled corn from the lower to the upper crib, 8 loads they said. I rode over to the pasture to see them work—sewed &c. Horace Grant came down.

How to Preserve Posts

Cottage Grove Farm, Dalton, GA.

I see the question asked, how to preserve fence posts from rotting? I will give a plan I find very effectual; the best I ever tried, and very cheap the cost not exceeding half a cent each:

Take a large kettle and fill two-thirds full of gas tar; start it to boiling with a slow fire. After boiling three or four hours it begins to form a pitch. Then take your posts, when dry, and apply the tar boiling hot to that portion and six inches above the part that goes in the ground. You can set the post in the kettle, if it is deep enough, or apply with a brush. After the post is set in the ground, apply two or three coats of hot tar over the top of the post which will fill the pores of the timber and exclude the water. This process, I believe, will preserve timber for a lifetime. H.O. Hoyt

- 1 Rode to Bellevue in a lovely rain—so thankful for the rain. Sent letter to Sue and postal to Louly telling her we would n’t start till Tuesday. Mr. Slayback got Billy to lay off some for tobacco. I pd. Mr. Will Green for the use of his mules which deducting .75 for cow pasture was 1.25 for putting shoes on Jane .35, for hoe .90—Mr. Wesley Kelly got two bushels corn out of lower crib. Sent John to Bellevue for cabbage plants he got 275 and some tomato plants which the boys set out. Dumont shelled some seed corn. Graves went and got Mr. Green’s mules—brought my bonnet and the mail. I got letter from Patty telling me she hurt her leg. Shelled two sacks of corn and took it to mill.
- 2 Rained hard last night—with thunder and lightning—rained this morning too. So rainy and wet the boys could n’t harrow in the morning. Sent Graves to mill for sack of meal for Aunt Sally and sent it to Mr. Corbin’s. Ernest Grant came down for corn. I sent a letter to Patty with 5.00 included. At half past 2 Dumont began to harrow with Mr. Green’s team.
- 3 Went to office with mail—sent letter to Aunt Nancy with five dollars in it. Got 200 more cabbage plants. Met Mr. Nathan Allen and subscribed \$215.00 to the Woolper bridge—he said they would n’t want the money till fall—and I could pay it in the fall. Mr. Lacy came and we counted the rails and measured the cord wood and settled for all in full, and I paid him

- 4.50 which was due him after deducting for potatoes, corn and cash that he got before. I got ready to go and see Miss Katy Prest who is very ill, but Mr. Bennett came down and so I could n't go. I got a note from Louly and Joe Carter and a note from Julia. Graves harrowed in the morning and Dumont planted corn. After dinner Graves tried to break that piece of clover but had to give it up and took Mr. Green's team home—he set out plants &c.
- 4 Sunday. Sally went to Sunday school with Hilda. Cordy came home with her. After dinner Mrs. Kelly came up to stay with Miss Martha and we went to Dr. Grant's to see Miss Katy. Turned very cool.
 - 5 Very cool weather—we had fire last night and to-night. The boys planted corn in the bottom and then ploughed the piece over by Mr. Slayback's and some in garden. Mr. Arnold came to see about getting poles for making a scaffold and I paid him for the use of his horses. I put Louly's things in her trunk—sewed, cut out nightgown &c.
 - 6 John Ebberson (Dumont) drew five dollars of his money and lent it to Mortons Thomas (colored) and Morton gave his note for it payable Christmas. I witnessed the signing of the note and at John's request, put it in my tin box to keep for him, till he wants it. Got letter from BBG. Got ready to go to Lex. with Miss Martha and went up on the Bannock City.
 - 7 Got to Lexington before 12—started on the 7 a.m. train. Mr. Duncan and Lily met us at depot—took Miss Martha to Mr. Kinkead's and then went to Mr. Duncan's. At dusk Louly and Dr. Carter came and I went down to Versailles with them that night.
 - 8 After breakfast Louly took me to Spring Hill—saw Mrs. Hart, Birdie and her children—stayed there till near 12—then Louly took me to Hartland and we took dinner with Hart. Afterwards went back to Mrs. Carter's and then to Lex. On our way out saw Miss Martha at Mrs. Thornton's. Spent the evening at Mr. Duncan's—went with them to the grounds of Sayre Institute to see the young people walk about and hear the band play. Stayed all night at Mr. D's and Louly with me.
 - 9 Left on 7 a.m. train—got to Cinti. Went to see Patty and took her shopping. Went to Messrs. Resor's and bought a cooking stove. Went to Mr. Foster's and asked him to put Patty on the boat next Thursday—got home and found Dr. Raymond at the river for me and Belle out at home. Had a fine rain last night and this morning they say.
 - 10 Boys did n't work—went to Rising Sun. I sent Miss Robinson to Bellevue. I was so tired out I did n't do much. Dr. Raymond went home. Got letters from Sally.
 - 11 I sent John Graves after Polly the mare Dr. Raymond wanted me to buy of him and he brought her. Sally went to Sunday school with Hilda. Dr Grant came and dined with us. Aunt Eliza came.
 - 12 Set boys to mowing clover on the hill below the vineyard—went to Bellevue and bought scythe at grange store. The boys hauled in one load of clover because it threatened rain. Went to Bellevue after stove—took Mr. Arnold's borrowed things home. Bought another scythe of Mr. Corbin. Brought stove out.
 - 13 Set boys to mowing clover next the hedge and road—they went up after dinner and hauled in the rest of them off the hill. I sent and borrowed Mr. Clore's mean old hay-rake. Had to have the clover hauled in the barn and spread out.
 - 14 I was so worn out I could n't do much. Went to Bellevue after mail—stopped to see Sudy Arnold. When I settled my account Mike Corbin paid me .75 for John Smith's cow pasture.

I gave Dr. Raymond an order on Mr. Foster for \$75.00 to pay for Polly, the mare I bought of him. Mr. Wesley Kelly got bushels of corn. Dr and Belle went home. I went in the wagon to Bellevue for Patty. Miss Monroe sent down 3 horses for me to pasture. I got 123 lbs granulated sugar at Corbin's—and a collar and harness—also brought

out my cradle. Had a shower after dark. The boys ploughed and worked in the garden. Sent by Dr. R. a letter to BBG.

16

17 Boys worked for Scott Rice planting or rather setting out tobacco. I sent by Aunt Eliza Aunt Sally's dress—and cut out one for Aunt Eliza. I bought for Aunt Eliza a dress & lining & chemise cotton, which she says she will work to pay for. Mrs. Rice & Susy came, and Ernest and Hal Bennett. I picked and canned cherries. It rained in showers. Sent note to Lily Duncan.

18 Cold after the rains so we had fire and it felt very comfortable. We stayed at home till after dinner. Sally went to Mrs. Arnold's. Miss Robinson came.

19 Dumont worked for Charlie Rockwell till about 4 p.m. Charlie promised to return the work in harvest. We went to Bellevue in the wagon all but Patty—to go to Rising Sun but the river was so rough we could n't go. When we came back I cut out work and beat carpet &c. We took up dining room carpet. Graves ploughed. When Dumont finished working for Charlie he cut the rest of the ripe clover next the road. I got dispatch from BBG saying Bally and nurse would come to-morrow. Sewed on carpet till after bedtime.

20 Up early to get ready to go to Rising Sun. All went but Patty. I went and paid Uncle Jilson's city taxes and got receipt for him from Hiram Calvert for 13.39—of this money John Dumont furnished me 6.00 & Mandy's husband Morris 3.00 the balance 4.37 I had to pay. Uncle Jilson told me Morris owed him and to ask him for it—if not Uncle Jilson is to pay it. I also got Jilson's house insured for 200.00 by Badman Davis in the Aetna Ins. Co. and pd. 3.50 for it which Jilson said he would pay, sometime. Had a hard shower on my clover that is cut. Got mail—letter from Miss Martha. Sent down in the evening for Bally and Lizzie who came on the boat.

21 Mr. Graham came while we were up on cherry hill.

22 Dumont only worked half a day.

23 Rode to Mr. Corbin's to try and borrow some money for Dumont. He could n't work and wanted to settle up. Could n't get the money. After dinner Mr. Graham went to Lawrenceburg. Had a hard wind and rain storm which blew off the roof of Middle Creek Church and made a ruin of it—blew down fences—trees &c. I sewed most of the evening.

24 After breakfast I rode to see Mr. Moreland—could n't get any money—on my way back went to look at the church. After dinner Graves and Mr. Wesley Kelly worked at the fence in the pasture that was blown down. Graves said he would take Polly down to have her shoes taken off.

25 Sunday. Mr. Rice came to see about returning the work. Ernest and Homer Grant came. Patty went to Sunday school with them. I went to Louisa's and then rode up to Charlie's.

26 Set 4 hands, my two and John Coons & Deck to cutting rye. It rained so they had to quit but after dinner it cleared up for a while and they finished cutting—and began on wheat. I sent to Mr. Corbin's for another cradle. Horace Grant came and I went with him towards Bellevue, to take around a paper for Mrs. Loudon's benefit. Afterwards went in the harvest field. Old Mr. John Deck paid me .75 for pasture and Mr. Clore 1.00 for seed corn. Mr. Bennett came down and stayed to supper.

27 Set my two hands, John Coons, John Deck, Henry Horton and Goodpasture to cutting wheat—they finished both the small pieces. I went to Bellevue, took letters for Louly, Nina and postal for Belle. Got letter from BBG. Sewed and cut out some.

- 30 The boys cut wheat till the rain made them quit, then they shelled corn. After dinner they took the horses (Miss Nourse's) to have their shoes taken off. Then Dumont ploughed and Graves went to mill and then hoed in the garden. Nine years ago sister Belle died—and most of my joy died with her. Lord love her pure soul.

- 4 Boys ploughed corn till rain drove them in. I cut out and sewed. At night the children had fireworks. Ernest came down and Aggy was here.
- 5 Nine years ago to-day sister Belle was buried—how long it seems. It was so wet that the boys could n't plough. John Dumont did n't work all day—from ¼ before 9 till dinnertime he was gone. Graves cut weeds. After dinner they both worked hauling wheat from the patch next Mr. Ingram's. This morning I went in the wagon to the store—bought barrel of flour and sundries—cut and sewed most of the day. Mr. Corbin sent Ben for his horses because they jumped in the wheat field.
- 6 Graves worked for Stephen Burns this morning—the work to be returned. Dumont ploughed—a storm in the evening of course. Sally got letter from papa.
- 7 Mr. Will Green turned cow in for a few days on pasture. Dumont cut sapling clover. Graves worked for Mr. Burns and black Henry but got back about 5 in time to haul in wheat clover was dry enough before the usual storm set in. Miss R. only sewed ½ day. Ernest came for Patty and took her home with him. Hot as pepper.
- 8 John Deck worked ploughing. Graves ploughed and then hauled hay. Dumont cut clover and helped haul. Hilda went to church. R. E. came. I got letter from Julia. Miss R. sewed ½ day. Very hot, cloudy and thundered in the evening but no storm. Ernest brought Patty back. They saw a magnificent meteor.
- 9 Sunday—hotter than pepper. Belle and Dr. came. Ernest came for a little while.
- 10 Mr. Corbin sent out 1 horse to put on pasture. Dr. went home—lost his pocketbook before he left. Jane Lacy came to offer to hire. Graves ploughed corn over by wheat patch and up by Mr. Hunts and broke up little patch in garden and hauled 1 load and a little more hay clover. Dumont cut clover—it was hot as Tophet, a threatened storm as usual in the evening and a little rain.
- 11 Did n't write this till afterwards and forgot almost all about it. Got letters from the three banks in Washington in answer to mine of the 3rd with drafts on N. York for \$87.00.

- 12 Intended going to Rising Sun but it rained so hard I had to give it up. Got in one load of hay before the rain. Mr. Hunt helped the boys rake up hay a little while.
- 13 Patty and I went to Rising Sun. I got my drafts cashed. Aunt Eliza came home with us. Stopped at Mr. Corbin's and paid him the 15.00 I borrowed the 3rd. Also his store bill—see receipts and ac. book. When I got home the boys were taking in the last of the clover hay from the patch next the hedge and road. They then hauled in some wheat to the barn—very hot. Patty got a letter from her papa with a draft for \$50.00. John Graves did n't work to-day. He went to see about a negroe's picnic.

- 17 Both boys ploughed in the bottom—it was very hot. I sewed, canned &c. They found my largest black sow with 10 pigs.
- 18 Both boys ploughed. It was terribly hot—in the evening a thunder shower. I got paper from buddy with spech—letter from Sophie telling about Lizzie's baby and letter from Miss Martha with scrap from Mary. Patty had bad headache.
- 19 Always one of the saddest days of the year for me 'whom the gods love die young'. Still as hot as Africa. My spotted sow has 6 pigs. Packed Patty things to go. Boys ploughed in the morning—hauled wheat afterwards.
- 20 Went down in the wagon to take the little boat—took Patty to Aurora and put her in the 11. a. m. train for Cinti—to go to visit Mary Foster. I came down with Mr. & Mrs. Robbins in a skiff. I put in the P.O. in Aurora letters to the 3 banks acknowledging the drafts received the 8th. I got cashed at the bank the draft received from brother Charlie July 13th for \$50.00. Stopped and got mail—letter from Sue and from Florence Hawley telling me of the death of Aunt Harriet Dinsmore on the 14th. Mr. Rice came in my absence and said that I could have his wagon and so the boys got the Kellys to help and hauled wheat, they working part of the day.
- 21 The Kellys helped till dinnertime. Mr. Rice let John Dumont have his wagon and horses till noon and they hauled all the wheat in and loads of hay and oats I believe. After dinner I sent the boys to hoe in the Kellys' tobacco but Graves stopped near 6 p.m. to go to mill. I walked all over the hill back of Mr. Hunts &c.—made jam. I settled with Miss Robinson—her work came to 13.00 and 3 of this is for my own sewing. Still as hot as Tophet.
- 22 Dumont wanted to settle and get what was coming to him—so I added up his account and pd. him 5.15 in full up to this evening. Dumont afterwards wanted to go to Rising Sun so I will let him work 1/2 day extra on next month and go. I sent Graves to take Miss Robinson home—he got back about ½ past 2—after that only went to mill for me.
- 22 I sold 1 gal. vinegar and 1 rooster = .65. It was rather cooler to-day—especially in the morning. I worked sometime in the heat of the day hoeing cabbages. Dumont came home from R. Sun drunk and cut up like a crazy man out by the cabins.
- 23 Sunday. Stayed home—it was delightfully cool all day. Charlie Rockwell came and had a talk about clearing up ground for tobacco &c. Right chilly this evening—only 64° about 8 o'clock after having the thermometer up to 95 and thereabouts it makes one feel cold.
- 24 Still cool. Went to Bellevue to take Hilda down on her way to Rising Sun. After dinner we went to Dr. Grant's and stayed to supper. Dumont cut weeds in corn and Graves ploughed.

- 25 Still cool. We went up to Middle Creek church to get blackberries and I made jam and canned some. Sent a letter to Julia. Got one from buddy and a postal from Lizzie D. Dumont cut weeds again. Graves ploughed also broke up and harrowed a little turnip patch in garden which Mr. Hunt sowed for me and did some little clearing up in garden.
- 26 Spent most of the morning in the garden seeing Graves clean up and plough for turnip patch—he pulled onions. Mr. Hunt sowed more turnips for me. John Graves ploughed corn after dinner. Mr. Green brought a man named Murdock here to see about renting. I made jelly.
- 27 I wrote a letter to cousin Lizzie and sent it. Went with Hilda to Mrs. Brady's to see Mrs. Garnett who was sick. The agent brought the book I subscribed for. I stopped to see Mr. Moreland to try and get some money. Had a slight shower after we got home. Graves finished ploughing this morning and went to help Dumont cut weeds in the corn. I made cordial.
- 28 Had a fine rain early this morning. Both hands cut weeds. I made jelly. The Bennett girls came and spent the day. Miss Lou and Charlie came for a little while.
- 29 Warmer—about 12 it set in to rain. I went to Bellevue and took letter to Miss Martha and note to Julia. Rode round to look at crops, fruit, work &c. Both boys quit work at noon. They chopped weeds by Mr. Slayback's before dinner. Patty came home bringing Mary and Julia Foster and Ada Bissell. Mary brought me letter from Julia and the History of N. H. I ordered at Clarke's.
- 30 Sunday. Mr. Graham came in the morning. The company went to Sunday school and it rained. Dumont came back for a while and then left—for good I reckon.
- 31 John went to mill and cut weeds after dinner he took the horses to get them shod—expecting to haul corn for Mr. Rice but Mr. R. did n't sell his corn. I rode to Bellevue and Mr. Clore's and Mr. Rice's.

- 9 Dumont set in to work again but was so poorly he had to quit. Graves worked cutting weeds &c in the little pasture. Mr. Wiesickel worked cutting weeds towards paying his pasture. I

went for Dick Loudon and to Mr. Morland's. My little black sow has been missing last evening & to-day. Hot and cloudy—some showers.

- 10 Sister Belle's wedding day—it seems a lifetime ago. Sent Patty's letters to her with a note on the backs. Dick and Mr. Wiesickle cut weeds. We found my little black sow with 6 pigs. Dumont went away—said he was too poorly to work. Mr. Corbin and Dave Snyder came out to look at the place. Got letter from BBG. Mr. McMullen and 3 hands came with the threshing machine.
- 11 Got up early to start threshers. I furnished as hands Dick Loudon, Mr. Slayback, Jimmy & Charlie Burns and my John. Steve Burns sent Dony Cook and Mr. Wiesickle and Mr. Rice sent John Deck. Black Henry also worked, partly to return the work Graves did for him. My John worked too. I had Jimmy Burns mules in the machine and my horse hauled rye, sacks &c. Mr. McMullen says the wheat turned out 164 ½ bus. They did n't quite finish the rye. Borrowed of Mr. Rice 8 sacks and of Mr. Clore 11. Told Mrs. Wesley Kelly this morning when she asked me if I intended renting to someone else that I did. John Coons helped a little after dinner to-day. It was hot and rained this morning. Sent postals to Breitenbach & Orr. Went for mail—saw Mr. Corbin about renting—he doesn't want it. Got postal from Mr. John House about grapes. Gave Mr. D. G. Rice's frow to the man he sent for it.
